HOSPICE MEMORY ARCHIVING

Presented by

Hospice Memory Archiving was created by **AfterTalk** as a new way of celebrating and paying tribute to your loved ones online. So often there is so much left to say. Many times what is left to say doesn't get preserved and shared. Our **Hospice Memory Archiving** is your private space to document, share and preserve what you want your loved ones to know today and for the future. **Follow these 7 easy steps to learn more about Hospice Memory Archiving and to get started.**

Step 1: Go to AfterTalk.com

Go to Aftertalk.com and click on [Hospice Memory Archiving](#) on the homepage.

Welcome to Hospice Memory Archiving

Hospice Memory Archiving was created by **AfterTalk** as a new way of celebrating and paying tribute to your loved ones online. So often there is so much left to say. Many times what is left to say doesn't get preserved and shared.

This is your **private place** to create a free, secure and confidential archive for your **family and friends**. **Preserve and share** your loved ones conversations, pictures, videos, hopes and dreams for **generations to come**.

Whether it's a **life story**, "**remember when**" or a **recipe for apple pie**, now you can archive some of the sweetest moments in life.

How Hospice Memory Archiving Works

Hospice Memory Archiving was created by AfterTalk as a new way of celebrating and paying tribute to your loved ones online. So often there is so much left to say. Many times what is left to say doesn't get preserved and shared.

This is your private place to create a free, secure and confidential archive for your family and friends. Document, share and preserve memories of your loved ones including hopes and dreams for generations to come. Upload videos, share photos, share a conversation, preserve a moment, and write a letter. Share with those who cannot be present. Whether it's a life story, "remember when" or a recipe for apple pie, now you can archive some of the sweetest moments in life.

On this page you can create a Memory Archive to preserve a secret family recipe, history of your family lineage, a life story, memorable quote or a message you would like to leave for the next generation. You can also create Status Updates to share recent news and experiences with family and friends who cannot be physically present at the hospice.

Your uploads are saved for as long as you wish, in complete privacy, accessible only with your AfterTalk password. Share as much as you wish and feel free to attach photos, videos, messages, quotes and other content.

If you want to share your uploads with family members or friends you can invite them to your archive or updates. You can do so by clicking the button that says "Invite Family Members or Friends."

Conversation Starters

If you're having trouble getting started, here are some helpful "conversation starters" to get you thinking.

Dear _____

I wish for you...
Thank you...
I hope...
My best memory of you was when...
I regret...
Please tell so and so that...
I never told you that...
I always wanted to say that...
Remember when...
