

AFTERTALK.COM was created to help people who are grieving through one of life's most difficult times with comfort, solace, and support. We are non-denominational and free to all.

AfterTalk's **PRIVATE CONVERSATIONS** feature allows you to continue to express your thoughts and feelings to your deceased loved one in a secure private place sharing joys, frustrations, memories, and life's daily experiences.

AfterTalk's **FAMILY & FRIENDS** feature helps mourners share their feelings collectively but without the whole world watching.

AfterTalk's **THERAPIST PORTAL** allows clients to write to their deceased loved ones and share as they wish with their therapist.

AfterTalk's **RESOURCE CENTER** offers books, dvd's, and pages of helpful links.
